Literature should be referred to as Malik et al. (year). All material on each page should fit within a A4 page size. Text of manuscript is set in 10-point Times New Roman and Single Spacing. Text should be justified.
Mathematical formulas/equations in Microsoft equation 3.0   Times New Roman 10 pt.

2. Headings

Major headings are to be time new roman, size pt-10 in a bold font without underline. They need be numbered as "2". Heading at the top of this paragraph is a major heading.

The top of this paragraph illustrates a sub-subheading.

Title of manuscript: The title should be
align left, the top of the first page and should have a Time new roman of 11 points Century. It should be in a bold font

3. Tables, Figures and Equations

Table 1. Table captions should be placed above   the table

Graphics	Top	In-between	Bottom
Tables	End	Last	First
Figures	Good	Similar	Very well
0.001	0.003	0.005	0.0007
0.0004	0.005	0.007	0.004

All tables and figures must be given sequential numbers (1, 2, 3, etc.) and have a caption placed above the figure and table. Captions should be Times New Roman bold. They should be numbered (e.g., "Table 1" or "Figure 2").

If necessary, the tables/figures/images can be extended both columns

3.2 Equations

They should be numbered consecutively throughout the text. Equation numbers should be enclosed in parentheses and flushed right. Equations should be referred to as Eq. (X) in the text where X is the equation number. In multiple-line equations, the number should be given on the last line. Mathematical formulas/equations in Microsoft equation 3.0   Times New Roman 10 pt.

4. Conclusions

The better your paper looks, the better the Journal looks. Thanks for your cooperation and contribution.

5. Appendix

Appendixes, if needed, appear before the acknowledgment.

6. Acknowledgments
